We have been operating in the sector with its high quality wide range of products in the field of nut, confectionery, coffee and dried fruits in its approximately 4000 m2 - factory in Mersin. The production process starting with raw material quality control continues through the stages of screening, sorting, roasting and cooking, and they are packed with fully automatic machines without touching human hands. The production has been certified with quality management system certificates by adopting hygiene, health and quality criteria under the control of food engineers. BRC certification started as of 2019. We contribute to the national economy by exporting to many countries of the world with our registered brands "ADİL" and "BOLÇEREZ" in the nut group, "KIRKFINCAN" in the coffee group and "ADİLE HANIM" in the confectionery product group in line with the developing technology and increasing demands. We become one of the leading companies in the sector with 13 years of experience.
